The **DIVERSIFIED PROFESSIONAL COACHING, LLC (DPC) Group and MasterMind Coaching Programs** provide professional business coaches to facilitate/coach groups of coaching clients to meet their full potential while developing and focusing on vision, mission, goals, values, and effective business practices.

Program Description

The DPC Group and MasterMind Coaching Programs are group coaching engagements which allow those who would normally be coached individually to participate in a group or MasterMind session with similarly focused individuals to either receive coaching from a professional business coach, or to participate in group coaching on specific MasterMind topics. These sessions are conducted on a periodic basis, either weekly or monthly. Group sessions provide an economical way to access professional business coaching.

Group Coaching Options

One-day Coaching Session: One day of coaching. An 8-hour coaching session is typical. Additional phone, text, or email support available, if needed.

Cohort Coaching: One 60-to-90-minute group session per month. Includes one individual 30-minute session per month.

MasterMind Cohorts: These high-powered accountability groups can be scheduled as frequently as weekly. Sessions are typically 60 to 90 minutes and deal with topics of interest to those in attendance.

Benefits of the Program

DPC professional business coaches hold the Certified Professional Business Coach (CPBC) designation, as a minimum, and are trained to meet the many aspects of Group and MasterMind Coaching. As members of the Professional Business Coaches Alliance (PBCA), the coaches are part of a community of Master Business Coaches, other professional business coaches, professionals from the financial services industry, other businesses, business executives, government, sports, and education. This allows for business coaching flexibility and many resources to meet the coachee needs.

As you define what is necessary for you to reach the next level of success in your business, your DPC coach is ready to help you get there based on what is important to you.
