

The DPC LEE/ Leadership Effectiveness Evaluation and 12-Month Program provides professional coaches to help “coachee” clients evaluate their leadership skills while developing and focusing on strategic planning, marketing, AI integration and other areas critical to business success and sustainability.

Description

The Leadership Effectiveness Evaluation is a comprehensive 100-question assessment designed to measure leadership abilities.

Combined with a follow-up assessment and monthly group coaching, your DPC coach will use this high-level tool to evaluate your strengths and weaknesses to better define and further develop communication skills, decision-making, self-awareness, social intelligence and other areas critical to effective leadership of well-functioning teams.

Benefits of the Program

Whether you are a new or seasoned leader, this program will help you become very honest with yourself to determine reasonable goals and the steps to achieve them while supported by your team.

As you define what is necessary to reach the next level of leadership success, your DPC coach will be ready to help you get there based on what is important to you and the members of your team. .
